## Firmware Updates

To maintain the integrity and quality of our products, respond to the ever changing IT environment and to ensure our customers are completely satisfied, Geist Manufacturing occasionally issues product firmware updates. These firmware updates and a brief description of changes included in the latest version are available at: <http://www.geistmfg.com/GeistUS/Docs/downloads.htm>

We encourage you to check this page from time to time for updates enabling maintenance of your system with the latest enhancements available.
