TOP 10 LIST

POWER DISTRIBUTION & ENVIRONMENTAL MONITORING MADE EASY

- 10. Modify to Meet Your Needs** – Utilize the Geist Product Wizard online to generate part numbers and specs which meet your exact installation needs. Modifications include: Plug type, Monitoring Type, Cord Length, Switch Options and more.
- 9. Superior Customer Service** - Real people, no voicemail jail or auto-attendant
- 8. Unlimited Options** - If a standard unit does not fit your needs, don't settle. From concept to prototype delivery, Geist's customization team reduces custom product development time from months to weeks.
- 7. In-house Expertise** - Geist's in-house engineering department includes mechanical, electrical, board layout and software specialists.
- 6. \$25 Minimum Orders** - with NO drop ship penalty
- 5. Made in the USA** - Geist products are built to order utilizing lean manufacturing processes.
- 4. Streamlined Production** - Geist even fabricates and powder coats our own product chassis'; minimizing potential delays due to suppliers' schedules.
- 3. Quality Assured** - Geist operates a state-of-the-art UL® / CE® testing lab supervised by an in-house conformance engineer.
- 2. Rapid Order Fulfillment** - Orders ship within 3 - 5 working days.
- 1. Free Freight** - Geist will pay for your ground freight on orders \$1000 or more, shipping to one location within the continental USA.
